SUMMARY

Motivated Computer Science Engineering graduate with a strong foundation in Software Development, Data Analytics, and Machine Learning. Proficient in Java, Python, JavaScript, SQL, and Data Structures. Experienced in internships and academic projects with strong problem-solving and analytical skills.

SKILLS

- Programming Languages: Java, Python
- Web Technologies: HTML, CSS, JavaScript
- Database: SQL
- Core Concepts: Data Structures, Algorithms, OOP
- Tools & Platforms: Google Colab, Visual Studio Code
- Soft Skills: problem solving ,communication, Team collabration

PROFESSIONAL EXPERIENCE

Data Analytics Intern | Skillfied Mentor | Jul 2025 – Aug 2025

- Performed data analysis using Python on real-world datasets.
- Completed a Bank Marketing Analysis project using data analytics techniques.
- Gained hands-on experience with Google Colab and Visual Studio Code

Scientific Research Intern | Noobtron Pvt.Ltd. | Feb 2024 – Apr 2024

- Worked on medical image analysis using deep learning.
- Developed classification models for benign and malignant breast tumors.
- Applied machine learning techniques to improve diagnostic accuracy.

PROJECTS

ATM-Sentinel AI: Intelligent ATM Robbery Detection

- Developed an AI-powered surveillance system using YOLO for real-time human and object detection.
- Implemented behavior analysis, risk assessment, and automated alert generation.

Bank Marketing Data Analytics

- Analyzed customer datasets using Python and SQL.
- Performed data cleaning, visualization, and predictive analysis.

Breast Cancer Classification System

- Built deep learning models for classifying breast tumors.
- Applied image preprocessing and machine learning techniques.

EDUCATION

Bachelor of Engineering (Computer Science Engineering)

Gnanamani College of Technology | Oct 2022 – may2026

CGPA: 8.85

Intermediate (MPC)

Narayana Junior College | Jun 2020 – Apr 2022

Percentage: 95.9%

PUBLICATIONS & PRESENTATIONS

- Research Paper: ATM-SENTINEL AI: Intelligent Video Surveillance Framework for ATM Robbery Detection – Published in a Conference/Journal.
- Presented the research work at a conference and received a Presentation Certificate.

ADDITIONAL INFORMATION

- Languages: English, Telugu , Kannada
- Certifications: Web Development Workshop – VR Soft Tech
Python Programming Training – Besant Technologies
Conference paper certificate on ATM Detection.
- Achievements: Secured 3rd Prize for presenting a project on GPU Computing at Knowledge Institute of Technology.
